

MONTHLY TRANSGENDER PROCESS GROUP

FIRST MONDAY OF THE MONTH 6PM – 7PM

Join us at Phoenix Counseling Services LLC, for our first process group to support those who identify anywhere along the transgender spectrum. Phoenix Counseling Services, LLC is a trans-inclusive counseling practice located in Gettysburg, PA that provides individual counseling services around any LGBTQI+ topics.

The group will provide a space of safety, support, and empowerment ran by Elizabeth Dvorak, a master's level nationally certified counselor.

Whether you are questioning identity, needing support in coming out to friends and family, in need of education or resources around options in the transition process, or simply would like to form connections with others who identify as transgender then this may be the group for you!

If you are interested in joining the group, please call or text Elizabeth to set up an initial meeting
